Superfy Release Notes
Version 2.0
12th June 2024

Superfy 2.0 is the biggest change to the **Superfy Platform** in 4 years, bringing a fresh new look and moving a few things around to make the platform easier to use. Everything we've done has been through customer feedback and engagement.

Some Terminology Changes

We've made some changes to terminology to modernize and make the platform more flexible：

Old		New
Waste Insights	is now	Collections
		Assets (New for GPS Tracking)
		Materials (New for Process Tracking)
Vendors	are now	Accounts – In the CRM Section
Stores		Locations – In the CRM Section
		Contacts – New in the CRM Section
Assets	are now	Sites

Superfy Platform 2.0

The leading platform for the management of Collection, Transport, Storage and Processing of waste and recycling materials
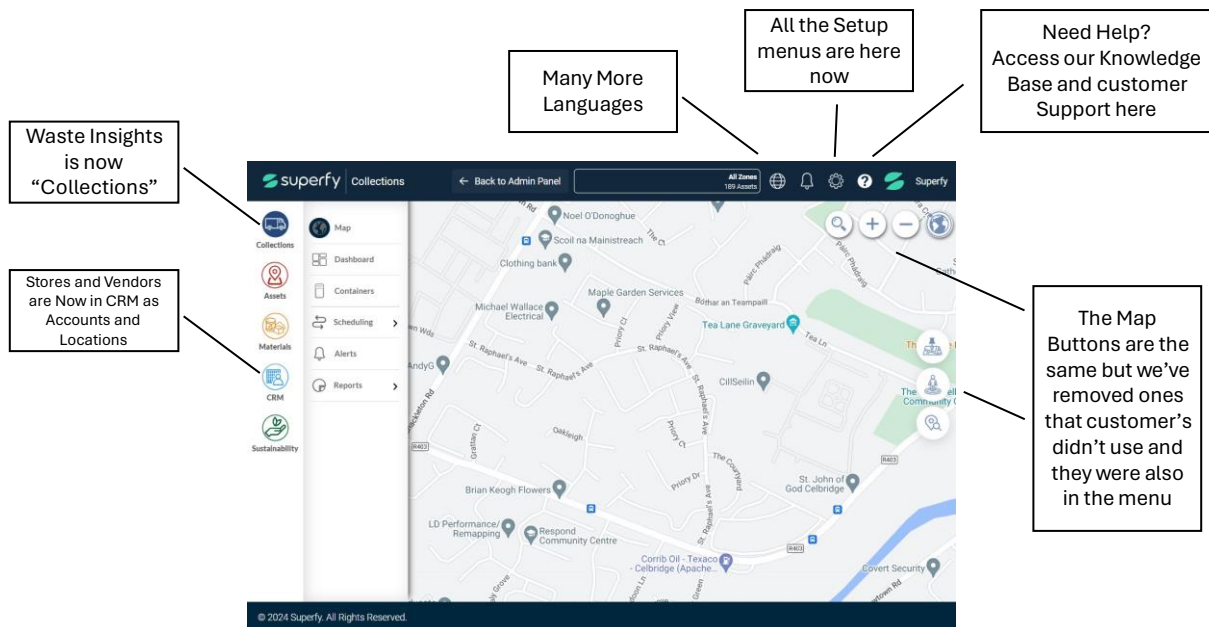

Collections   The Core of the Platform. A complete Collections management platform.

Assets   Manage and Track your Containers and Vehicles

Materials   Manage and report on the journey of your collected materials through Collection and Processing

EACH SOLD SEPERATELY

CRM   Manage your Accounts, Sites and Contacts.
Link your operations to your customers

Sustainability   Sustainability reporting on your operations.
Work required here to add more and more ESG Standard Driven Reports

INCLUDED

superfy.com

Official Release Note v2.0			
Module	**Menu**	**Category**	**Summary**
User Interface	All	Enhancement	Major **Upgrade** to the **Look** and **Feel** of the Platform
Assets	All	New!	A new module to **GPS Track** your equipment and plant
Materials	All	New!	A new module to track and make a **Digital Audit** trail for your **Recycling Processes**
CRM	All	Change	We've moved **Vendors** and **Stores** out of the **Collection Module** and into the **CRM** section. Now they are **Accounts** and **Locations** with new Contacts object also.
Sustainability	All	Change	The old **C02** reports from **Waste Insights** are here now. Watch out for more and more **ESG** and **Sustainability** reports coming soon!

We've moved a few things around, but everything is still there!

Waste Insights is now "Collections"

Stores and Vendors are Now in CRM as Accounts and Locations

Many More Languages

All the Setup menus are here now

Need Help? Access our Knowledge Base and customer Support here

The Map Buttons are the same but we've removed ones that customer's didn't use and they were also in the menu
